In his book *Your Faith is Your Fortune*, Goddard writes:

“The world is your mirror; it reflects back to you what you believe about yourself. If you believe you are a failure, the world will show you evidence of your failure. If you believe you are a success, the world will show you evidence of your success.”

Goddard taught that we create our reality through our beliefs. What we believe to be true becomes true for us. This is why it is so important to focus on positive thoughts and affirmations.

Goddard also taught that we can use our imagination to create new realities for ourselves. He said:

“Imagination is the door through which you enter the state of consciousness where all things are possible.”

When we imagine something, we are creating a new reality in our minds. This new reality can then become our physical reality if we believe it to be true.

Goddard's teachings have helped millions of people to manifest their desires. If you are ready to create a better life for yourself, I encourage you to learn more about his work.
