

# The Law of Assumption: A Comprehensive Guide to Manifesting Your Desires with Neville Goddard

The Law of Assumption is a powerful mental technique that allows you to manifest your desires by assuming that they are already true. This technique was popularized by Neville Goddard, a 20th-century mystic and author. Goddard taught that the subconscious mind is the creative power of the universe and that we can use our imagination to impress our desires upon it.

The Law of Assumption is based on the principle that our thoughts create our reality. What we think about and believe about ourselves and the world around us becomes our reality. If we believe that we are poor, then we will attract poverty into our lives. If we believe that we are unworthy of love, then we will push love away.

However, if we assume that we are wealthy, loved, and successful, then we will begin to attract those things into our lives. The Law of Assumption is not about wishful thinking. It is about deliberately choosing to believe in the desired outcome and then acting as if it is already true.

To use the Law of Assumption, follow these steps:

1. **Identify your desires.** What do you want to manifest in your life? Be specific and clear about your desires.
2. **Assume that your desires are already true.** Imagine that you have already achieved your goals. Feel the emotions that you would feel if your desires were already a reality.
3. **Act as if your desires are true.** Take actions that are consistent with your desired outcome. For example, if you want to manifest a new job, start dressing and acting like the person you would be if you had that job.
4. **Persist in your assumption.** Don't give up on your assumption, even if you don't see results immediately. The Law of Assumption takes time and persistence.
5. **Be grateful.** Be grateful for the things that you have and for the things that you are manifesting. Gratitude will help you to raise your vibration and attract more of what you want.

The Law of Assumption is a powerful tool that you can use to manifest your desires. By assuming that your desires are already true, you can begin to attract them into your life. Remember, the Law of Assumption is not about wishful thinking. It is about deliberately choosing to believe in the desired outcome and then acting as if it is already true.
